Savez-vous (vraiment) utiliser Git ?

# Merci

# Qui suis-je ?

Lead Dev chez Iteracode

Expérience perso  
2005-2006 - CVS  
2013 - Git

Expérience pro  
2010-2015 - SVN  
Depuis 2015 - Git

# Mon point de départ

Git++ : Passez au niveau supérieur de la gestion de version

[https://www.youtube.com/watch?v=m0\\_C2cfM9IM](https://www.youtube.com/watch?v=m0_C2cfM9IM)

# Précautions d'usage

# Expert ?

Qui a la référence ?

# Branches ?

# Un outil

Git a fait ~~importe~~ porte quoi !

# Obligatoire ?

# Un début de réponse ?

# Confusion

GUI only

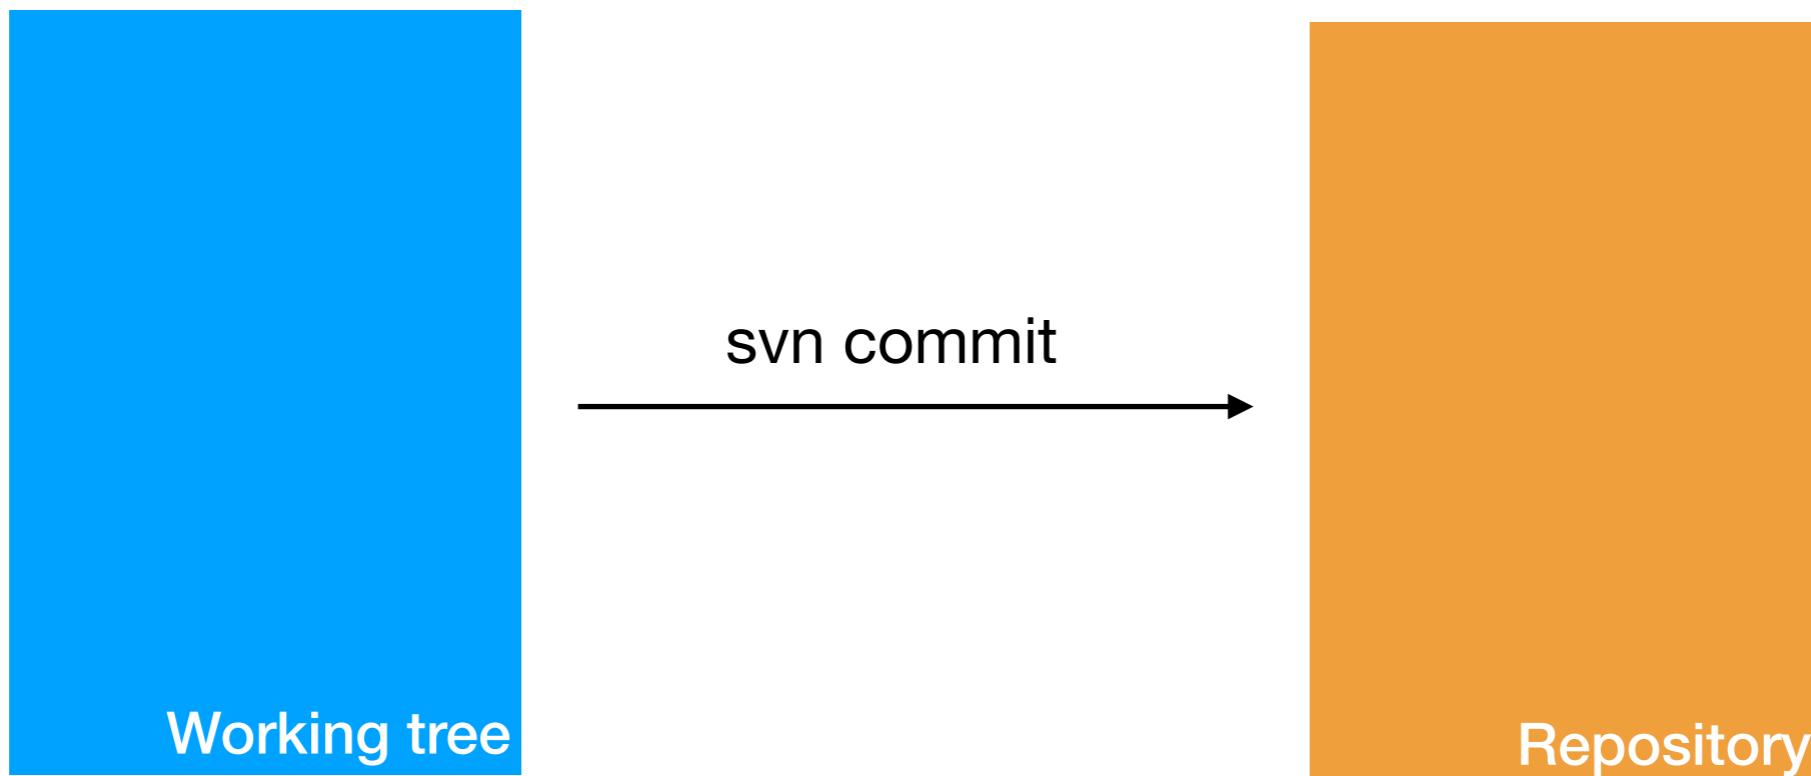

# 3 commandes ?

```
$ history | grep git

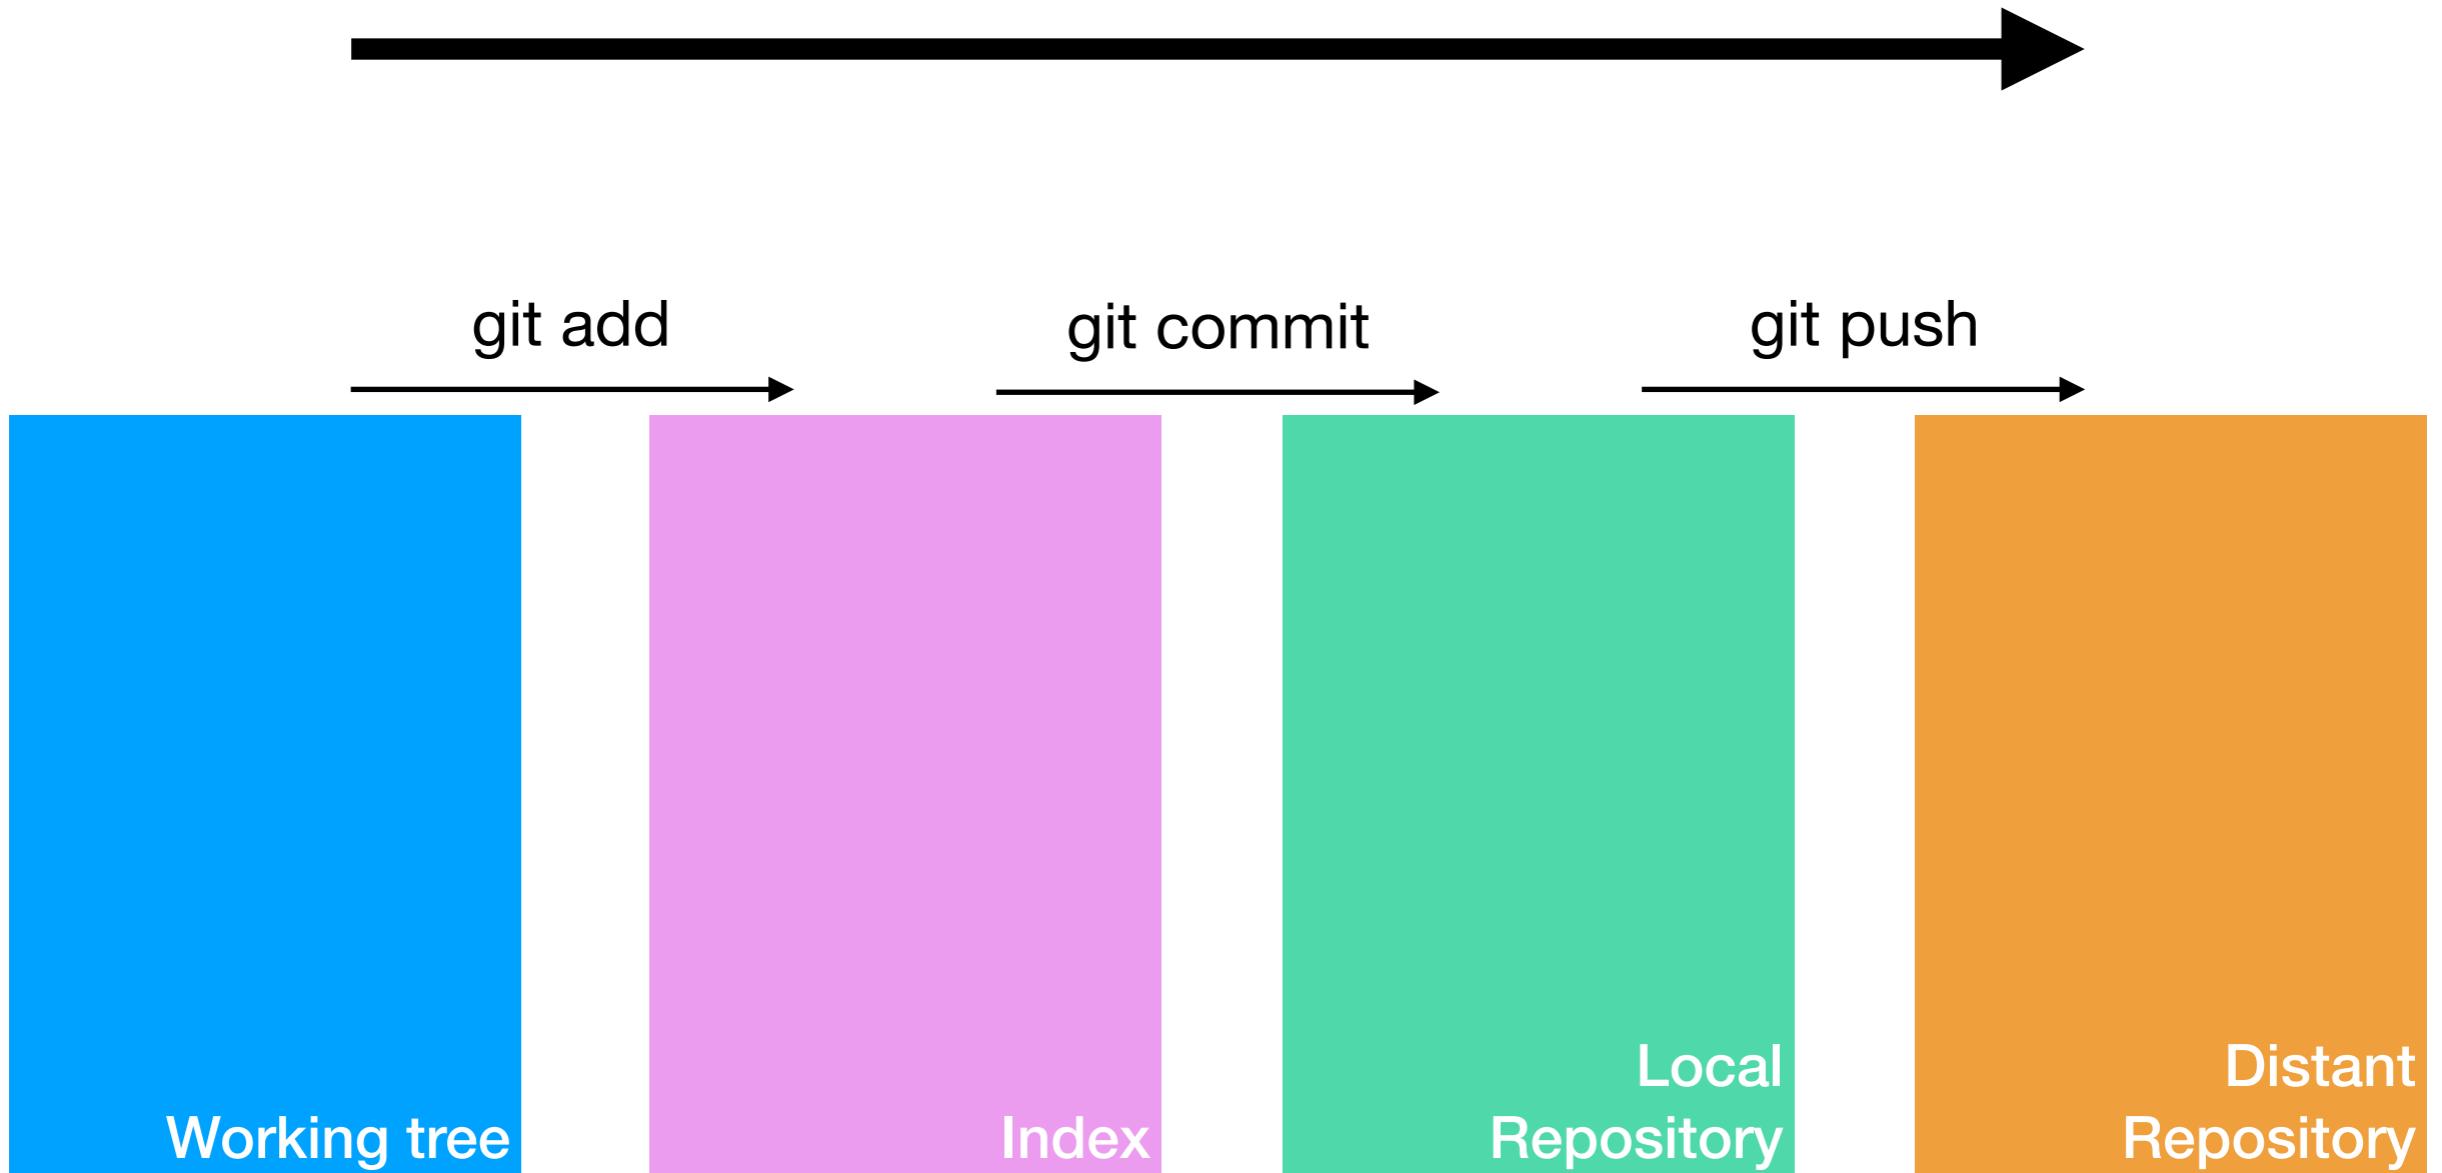

git add -all
git commit -m WIP
git push
git add -all
git commit -m WIP
git push
git add -all
git commit -m WIP
git push
git add -all
git commit -m WIP
git push
git add -all
git commit -m WIP
git push
git add -all
git commit -m WIP
git push
```

# Gestion de version 101

# L'ancêtre SVN

# Et Git ?

# Les alias

# Quelques alias

```
$ git lol
```

```
$ git log --oneline --decorate --graph
```

```
$ git lola
```

```
$ git log --oneline --decorate --graph --all
```

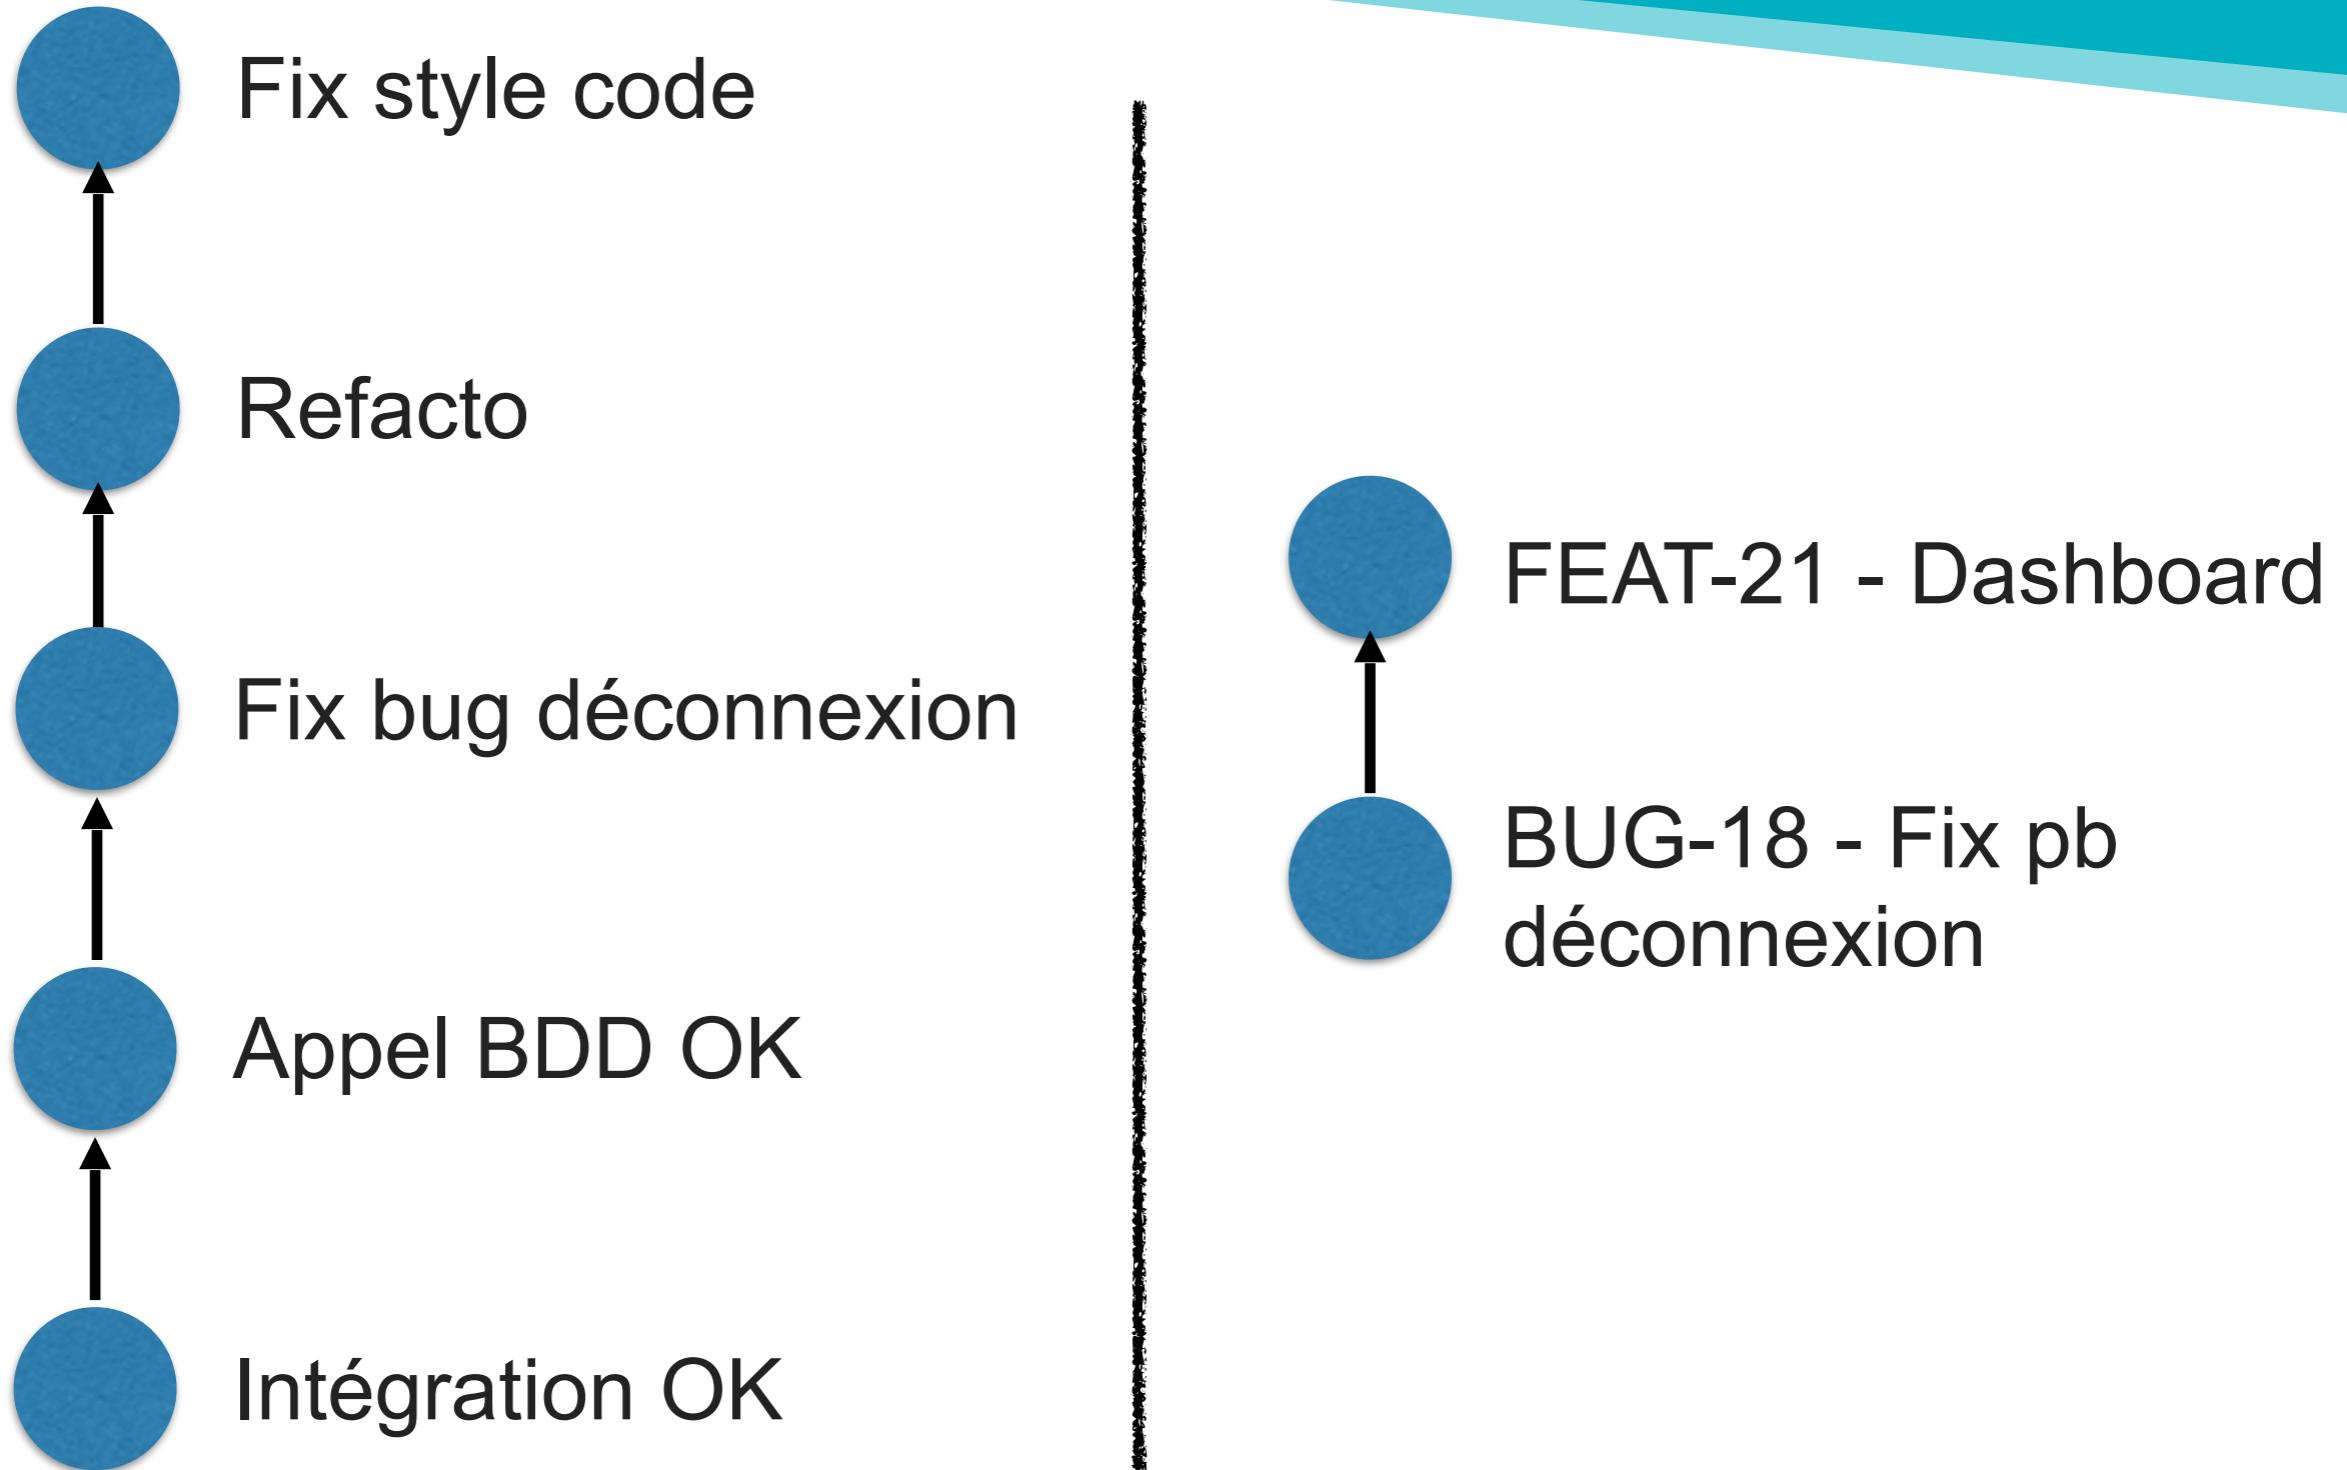

```
$ git st
```

```
$ git status
```

# Démo

# Pourquoi ?

# Workflow

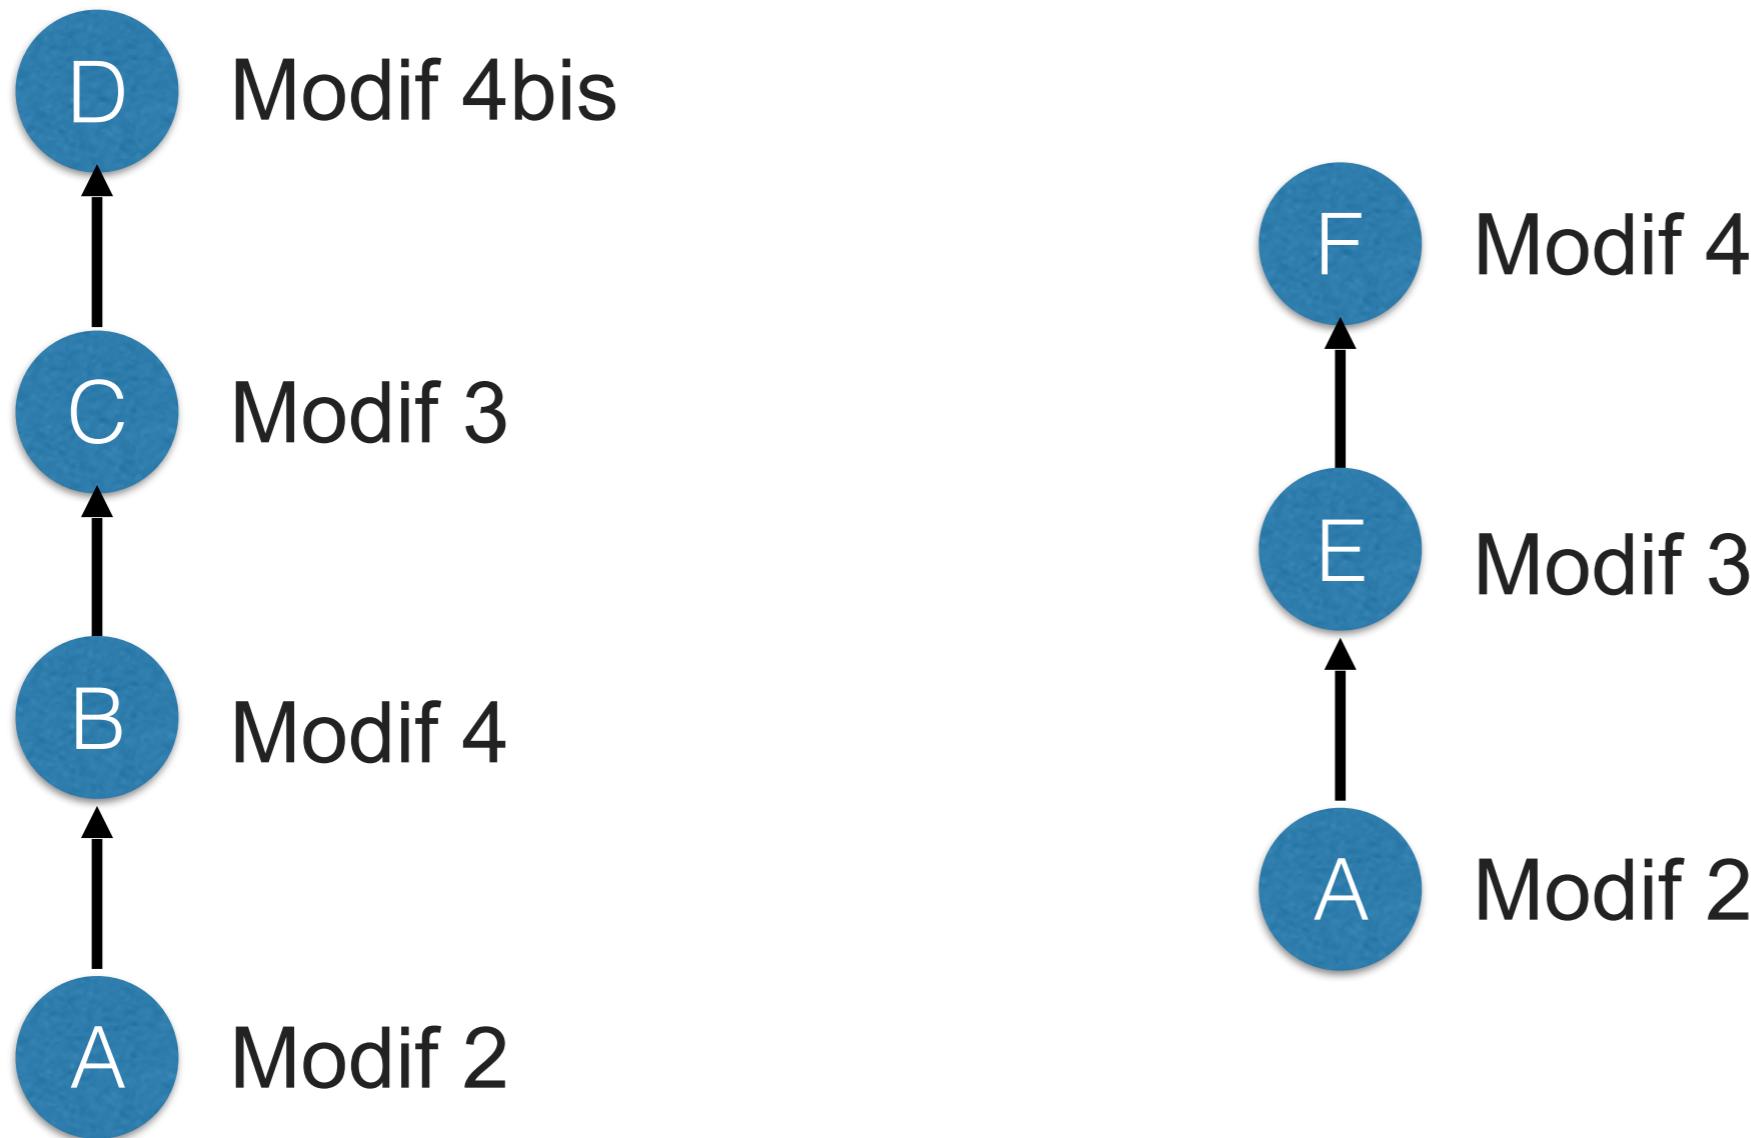

# Tout le temps bien ?

A cartoon illustration of a white dog wearing a Santa hat and a red scarf, shouting into a megaphone. The dog has a large, expressive mouth and is surrounded by yellow and white sunburst patterns.

# REBASE EVERY SINGLE COMMIT

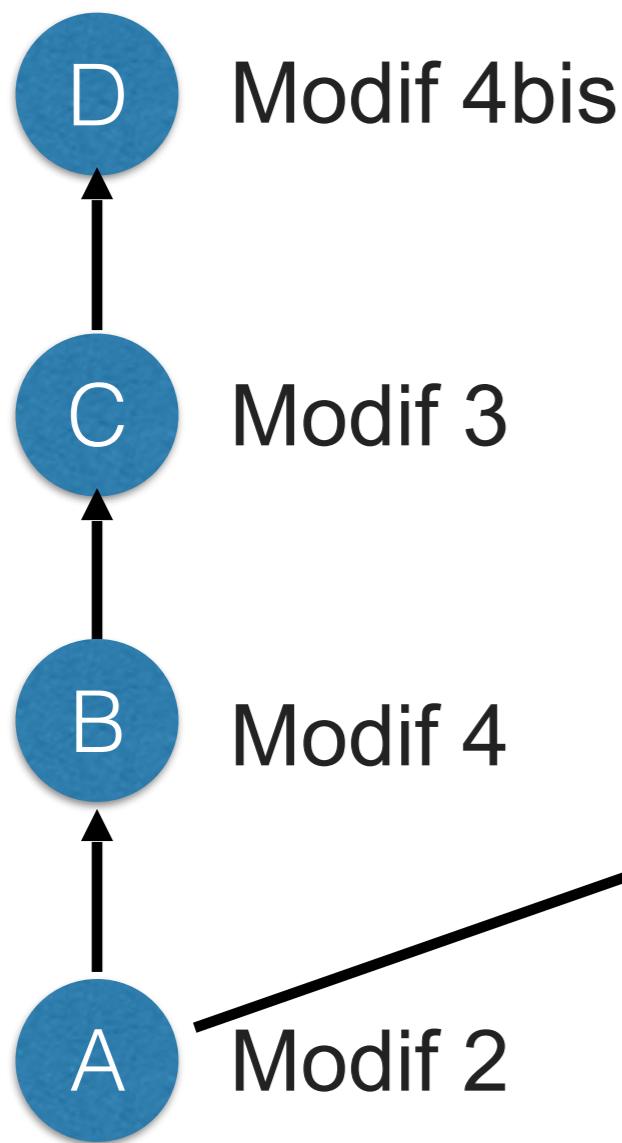

imgflip.com

# C'est quoi le problème ?

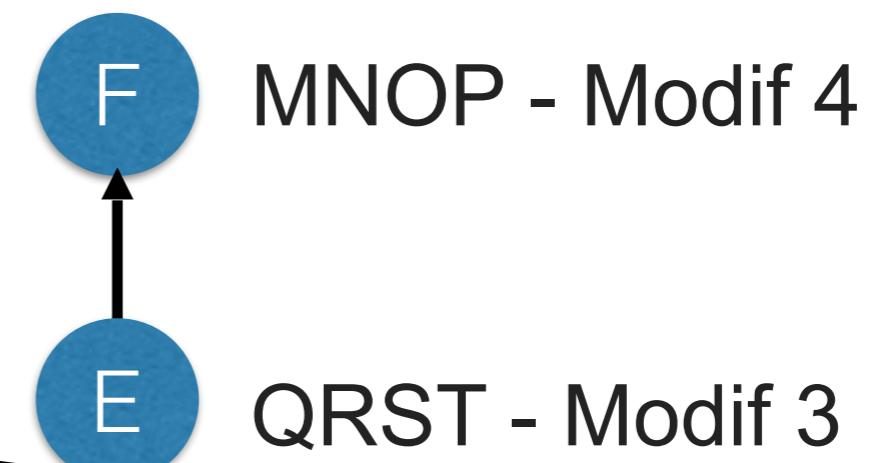

# Local vs Distant

**origin/master**

**master**

## Deux solutions

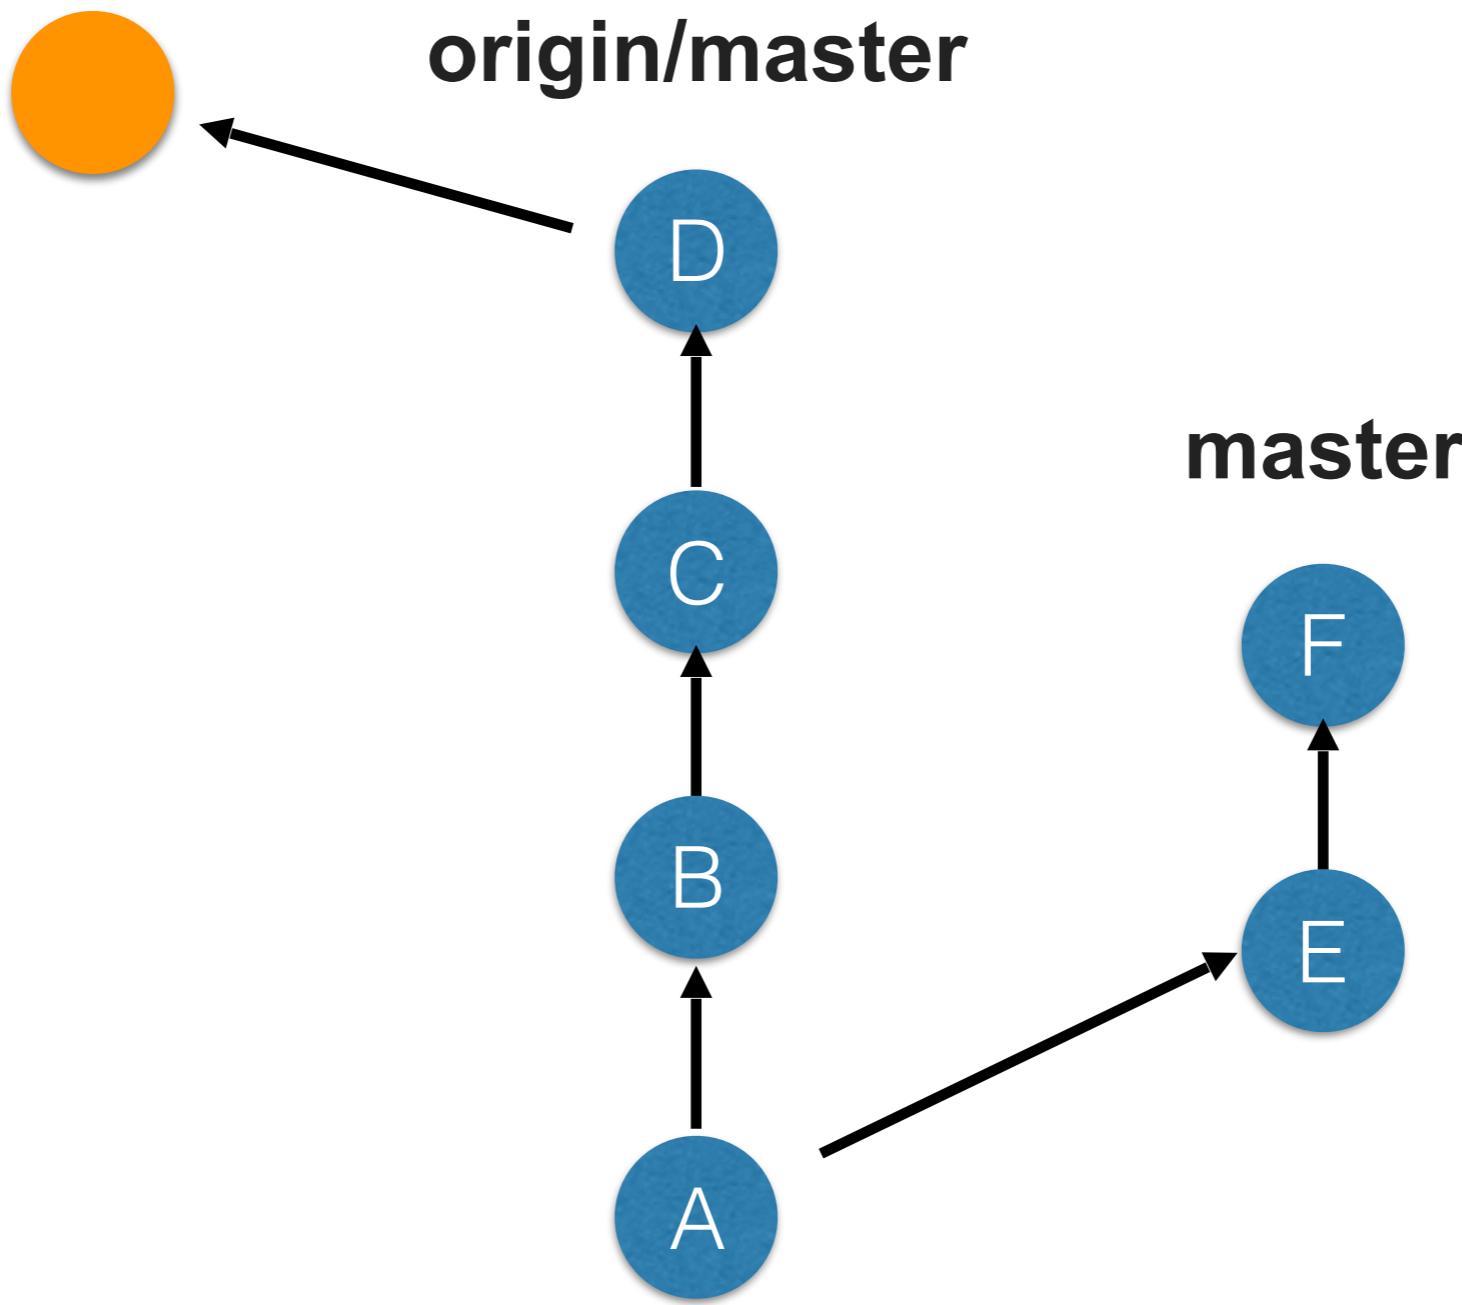

Ne rien faire !!!

---

```
$ git push -f origin <ma-branche>
```

# Pourquoi c'est si grave ?

**new-feature**

# Conclusion

# Merci de votre attention
